2.5.2.Mechanism to deal with examination related grievances is transparent, time bound and efficient

The college has a well organized mechanism for redressal of examination related grievances. The student can approach the faculty, College Examination Cell incharge and Principal to redress the examination related grievance as per the requirement and jurisdiction of the grievance. All the students are clearly informed about the evaluation procedure, weightage of internal and external marks allotment as per their regulation provided by the university. Three class committee meetings will be held on a regular basis. Though these meetings, the grievances related to all academic activities, including the examination will be received. And the suitable remedial actions are promptly made based on these reports. For Internal examination, the solution of the CIA and model will be discussed by the faculty while distributing the answer scripts to the students. If the evaluation was not satisfied, the subject handling faculty undertakes individual grievance with the student. Though the dissatisfaction persists, students will be addressed their grievance to the HOD and Principal. A suitable remedial action will be taken in regards with the grievance. Students were informed about the university revaluation and review procedure and last date for paying fee in advance. Those who were not satisfied with their marks at the University examinations can apply for Revaluation and they can obtain photocopy of the answer sheets from university. Similarly, the students who were not satisfied with the revaluation can also apply for review through the college examination cell to the university. And also grievances related to dispute in web portal entry, name correction in the certificates are followed by the institution exam cell.

Thus the entire mechanism to deal with examination related grievances is time bound as per University rule and regulations.
